

I Dare to Believe

From the album *I Dare to Believe*

By Charlie & Jill LeBlanc

Verse 1

You're standing at a mountain that you know you cannot climb
Your enemy's approaching you hear him coming from behind
There is trouble all around you there's no place to run away
But there's a voice that's deep inside you
Saying it's time to stand in faith

Chorus

I dare to believe that miracles happen
That mountains still move and demons still flee
For the God that we serve He is much more than able
So don't be afraid, stand up and say,
"I dare to believe"

Verse 2

There's a miracle inside you, it's just a mustard seed of faith
But by the mighty hand of God now you know that tiny seed was placed
And though this world may try to crush you, it can never keep you down
Soon the life of God inside you will come breaking through the ground

Bridge

No matter what the doubters tell you
No matter what the devil says
No matter what anybody, anybody else does
You just keep trusting Jesus
You'll see it won't be long
God is right and doubters are wrong

Tag

No don't be afraid
Just stand up and say,
"I dare to believe"
