

Jesus Can Heal You

From the album *I Dare to Believe*

By Charlie & Jill LeBlanc

Chorus

Jesus can heal you everywhere you hurt
Jesus can free you from pain and every curse
So shout "Hallelujah!" Lift your voice in praise
Jesus can heal you
Help is on the way
Help is on the way

Verse 1

Look up, lift up your eyes and see
The power of the Lord is here to set you free
So open your heart, reach out in faith
Help is on the way and He will not delay

Verse 2

His presence is here now to break off your chains
Now and forever He's always the same
So don't be discouraged and don't be afraid
Help is on the way and He will not delay

Bridge

The healing power of God is working in me right now
The healing power of God is working in me right now
The healing power of God is working in me right now
The healing power of God is working in me right now
The healing power of God is working in me right now
The healing power of God
The healing power of God
The healing power of God is working in me
