

Thank You

From the album *Beautiful Hope*
By Charlie & Jill LeBlanc

Verse 1

When I rise up in the morning and another day begins
My heart is overflowing with a love that never ends

Chorus

And I want to say thank You
For Your mercies are new this day
And I want to say thank You
That Your promise is true this day
I want to say Thank You

Verse 2

As I lay my head to rest at the end of another day
I am overcome by all that You have done

Bridge

Your mercies are new
Your promises true
I want to say thank You
You gave me grace
You took my place
I want to say thank You
